Well done again to all children who have worked incredibly hard throughout the week and have shown great enthusiasm in their learning. It has been wonderful to see so many examples of perseverance, kindness and achievement across the school.

A special well done to Purple Class for their amazing class assembly this week. They confidently shared their learning about the artist Romero Britto, and it was a pleasure to see their enthusiasm and creativity shine through. The artwork they have created inspired by Britto's colourful and vibrant style is truly fantastic. We are very proud of their hard work and the confidence they showed whilst presenting to parents and their peers.

A big thank you to Mrs North (Oak Trust CEO) for attending our assembly and introducing the annual Christmas Card competition. She was blown away by Purple Class's bravery in performing the assembly and their incredible artwork.

As we head into the weekend, I hope you all have the opportunity to relax and spend quality time together. We look forward to welcoming everyone back to school on Monday for another week of learning and fun.

Building a Partnership with the Kingstone School Project, Uganda

We are delighted to share that The Oak Trust has established an exciting new partnership with the Kingstone School Project in Uganda.

Through this partnership, our schools will develop meaningful links with schools in Uganda, creating opportunities for pupils and staff to learn from one another, build cultural understanding and develop a greater appreciation of the wider world. We hope to support the schools through resource donations, fundraising initiatives, shared learning opportunities and the development of lasting relationships between our school communities.

As part of this new partnership, five members of staff from across the Trust will be visiting Uganda during the October half-term break. The visit will provide an invaluable opportunity to meet pupils and staff, learn more about the schools and communities involved, and help establish strong foundations for the partnership moving forward.

Over the coming weeks, pupils will learn more about the Kingstone School Project through assemblies and form time activities. Today we have launched a fundraising appeal with pupils and would be grateful for any support that families are able to provide. **We are particularly seeking donations of school stationery, good-quality children's shoes and simple outdoor play equipment such as skipping ropes and small balls, which can make a significant difference to the daily experiences of pupils in the schools we are supporting.**

We are excited about the opportunities this partnership will create for our pupils and look forward to sharing updates from the staff visit and the impact of our work together in the months ahead.

To find out more about the Kingstone School Project, please visit: [Kingstone School Project](#)

Thank you for your support, as always.

Adelle Greenwood

Executive Director of Education – The Oak Trust
