

*Well done to your children for making it a really lovely start to our year together.*

*We are getting into our new routines and getting to know each other really well. Our class motto is: Be Kind. It has been lovely seeing the children maintain this attitude in their school life.*

*The children are working hard to learn our very tricky mentor text 'Maud and the Dragon' - a video of the whole story can be found here <http://myths.e2bn.org/mythsandlegends/story1353-maud-and-the-dragon.html>*

*Please support your child to rehearse the text and moves to this at home.*

*In maths we have started with place value - this week we have been learning about Roman Numerals - look out for the super tricky numbers at the end of the credits on the television.*

*Homework projects will be with you soon and children need to practise spellings, tables and division facts and read regularly at home too.*
