

Sports Premium Intention Statement 2021-22

The Government provides funding each year to schools for sports, this is called our sports premium funding. This funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport.

The money allocated to our school is to be spent on improving the quality of sport, physical activity and physical education (PE) for all our children. The sport funding can only be spent on this provision in our school. This funding must be used for the benefit of all our primary-aged pupils, so that they develop healthy active lifestyles.

We have the freedom to choose how we do this, possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- new or additional sport clubs paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport running sport competitions, or
increasing participation in the school games
- buying quality assured professional development modules or materials for PE/sport

Intended Spending of Sport Premium Allocation 2021-2022

Our allocation for this financial year (**Sept 2021- July 2022**) is £17, 760

Our planned expenditure for this current year will be on the following:

- PE Lead working 9 hours per week on games skills
- PE specialist leading on Educational Dance and extra-curricular activities (5 hours per week)
- Resources e.g., markings and equipment
- TA support in lessons
- Transport to competitions
- Sports Leader Training
- Membership of local sports events
- Swimming lessons for year 3 children
- Oldham Athletic Community Trust – providing clubs and lesson support
- Developing an orienteering course.

Sustainability

We aim to make the use of our Sports Premium money sustainable through:

- The provision of lunchtime and after school sports clubs and engaging PE lessons.
- Maintaining a high profile of PE and physical activity in school.
- Continuing to develop children's understanding of what it means to be 'whole body healthy' including both physical and mental health.
- Maintaining strong links with local schools to continue to provide opportunities for competition.
- Encourage older pupils to take on leadership roles to support younger children in the school.
- Introduce new sports and other activities in order to encourage more children to take up sport.
- Hiring qualified sports coaches to work with teachers to enhance and develop current opportunities.
- Staff applying strategies learnt from external sports instructors in their PE teaching.
